Leadership

Our goal at MBCI is to walk alongside students in developing the character and skills necessary to be leaders. We expect more from our students, and we work to build in them the capacity to meet these expectations. MBCI students learn to communicate effectively in a way that positively influences those around them; growing as innovators and collaborators with the competitive advantage to succeed in post-secondary education and on a global stage.

Community

The MBCI community is a place where students can connect and feel part of something bigger than themselves. Upon graduation, **MBCI students join a community of over 6,000 alumni: professionals spanning the world; community leaders; and successful entrepreneurs.**

WHY WINNIPEG?

Winnipeg is a growing, multi-cultural city with a population of about 800,000 and has a long history as being a place for trade and inter-cultural relations. Winnipeg has both historic and modern buildings, including the new Canadian Museum for Human Rights.

In Winnipeg, international students will experience four distinct seasons: autumn, winter, spring and summer. People enjoy the outdoors throughout the year.
